**Henry Moore 1898-1986**

Henry Moore was an English artist famous for his drawings and sculptures. During World War II, he was commissioned by the War Artists Advisory Committee to make drawings of people in London using underground stations as bomb shelters. The scratchy dark drawings powerfully capture the feelings of anxiety that people must have felt.

During Year 6 we learn about the events of the Second World War. We will use our topic work as inspiration for drawing our own images of life on the Home Front.

Famous works by this artist include 'Reclining Figure' and 'Tube Shelter Perspective'
